OUTLINES.

Marion and Lester Butler are convicted in the libel case brought by Spencer B. Adams and one fined $500 and the other $250, at Greensboro——Ex-President Roosevelt and party, yesterday viewed the ruins of Messina. The ex-President met King Victor Emmanuel on the Italian battleship Reumberto and the latter took occasion to express the gratitude of the Italian people for the generous assistance given the earthquake sufferers by Americans——J. Hampton Moore, president of the Atlantic Deeper Waterways, yesterday named several new Congressmen on the sub-committee to confer with President Taft——Chas. E. Ellis, a wealthy citizen of Philadelphia, committed suicide by shooting himself yesterday——The argument of the defense in the Government suit to dissolve the Standard Oil Company, of New Jersey, began yesterday. ——The British government has decided not to let Cipriano Castro land at Trinidad——An explosion at sea off the coast of France wrecked the Brazilian steamer Richard Paul. The crew was saved.——In the House yesterday the free lumber amendment to the tariff bill was defeated by six votes and proposition to take hides from the free list was overwhelmingly defeated——Bids were opened at the War Department yesterday for restoring the name of Jefferson Davis to the tablet on the Cabin John Bridge near Washington——The Circuit Court of Appeals dissolves the injunction issued by Judge Jones in the Alabama railroad rate case——Tommy Burns will challenge Jack Johnson——There is yet no clue to the murderer of Pope S. Hill, at McRae, Ga., last Monday. ——The taking of testimony in the trial for murder of her husband by Mrs. Allyn Sampson, began yesterday. ——The personnel of the Liberian Commission has been arranged. Its members will sail in three warships. ——A Connecticut Superior Court Judge declares the employers' liability act of Congress to be unconstitutional——H. H. Rogers is taking a leisurely tour of inspection over his new railroad, the Virginian——New York markets: Money on call easy, at 1 3-4 to 2 per cent., ruling rate 1 3-4 to 2, closing bid 1 3-4, offered at 2. Cotton quiet, middling uplands 10.10, middling gulf 10.35. Flour strong and higher. Wheat strong, No. 2 red 1.330 3-4 to 1.31 1-4 elevator. Corn firm, No. 2, 77 elevator. Oats steady, mixed 57 to 58. Rosin and turpentine steady.

Why should taking the tariff off hides make the flesh of the animals come higher?

The amateur fishermen are hoping this kind of weather will continue until next Monday.

We didn't think Marion Butler would give the State's attorney a whack at him on cross examination.

They say the fish over in the Brunswick creeks are just waiting for somebody to come and catch them.

Governor Smith, of the Philippines, wants to resign. Governor Smith, of Georgia, cannot understand such a man.

"Me and my wife, my son Bill and his wife, us four and no more," is the position of some Democrats on the tariff question.

Butler charging Adams with getting rich through politics—did you ever hear of the pot calling the kettle black?

Special cars for women have been put in use on the New York underground railroads. We bet only the old and ugly women use them.

We hope Mr. Willis Moore will keep a tight rein on the weather and not let it get away from him on Sunday as it did March 4th.

Mrs. Marion Butler reached Greensboro Saturday night. Of course, she sat by the defendant while his lawyers were pleading for him before the jury.

We hope the Raleigh Reformers do not think they have done all the city needs by electing their ticket. The hardest and most important work is before them.

We thought the question of Dr. Eliot and the British Ambassadorship was settled; but it seems to be as far from being so as the Eastern District Judgeship.

An exchange says next will come the wireless electrocution. Never. The attendants would be afraid the current might accidentally hit the wrong person.

We are told that the Democratic pledge of a tariff for revenue only does not apply to any individual article. How about the problem in geometry that the whole is equal to the sum of all the parts?

High, higher, highest is the way the average percentage of rates runs in the McKinley, the Dingley and the Payne tariff bills. It can hardly be made higher than is proposed in the pending bill.

WATERWORKS CASE

Library of Congress

Plaintiff Co[illegible]ted Yesterday Direct Testi[illegible] in Phares Damage

SUPERIOR COURT SESSION

Defendants Move to Dismiss Under Hinsdale Act But Judge Intimates He Will Overrule and Trial Will Proceed.

All day yesterday the Superior Court until nearly 6 o'clock yesterday evening was taken up with the continued hearing of the case of Gaston D. Phares & Co., against the Clarendon Waterworks Company for the recovery of $2,000 alleged to have been lost in a fire in the Vollers building three years ago for which fire the defendant company is charged with not having furnished sufficient pressure.

The plaintiff's attorneys, Messrs. Meares & Ruark and Woodus Kellum, had completed their direct testimony at 4 o'clock yesterday afternoon and the remainder of the afternoon was taken up by the attorneys in arguing a motion by the defense to non-suit under the Hinsdale Act, which is in effect that the plaintiff has not made out its cause of action. The motion was argued by Messrs. Marsden Bellamy, Herbert McClammy and T. W. Davis for the defense and by Messrs. Meares, Ruark and Kellum, for the plaintiff. At the close of an especially vigorous argument by Mr. Meares against the motion, Judge Allen stated that he would take the matter under advisement and announce his decision this morning, intimating, however, that he would probably allow the case to continue with the jury, which was discharged for the afternoon upon the argument of the motion yesterday afternoon.

Every inch of the ground is being fought by the attorneys on both sides as a number of other suits of like tenor involving far larger sums of money are dependent upon the issue of the one now in hearing. The testimony is being taken in shorthand by Miss Estella Shrier and in the event of a verdict either way, the case will go to the Supreme Court. It is certain now that the trial, if Judge Allen overrules the motion which he has under consideration, will continue until through tomorrow.

The defense has a large number of witnesses to introduce and later the plaintiff will put on testimony in rebuttal. The witnesses examined yesterday for the plaintiff were Messrs. A. C. Sneed, W. H. Chadbourn, A. S. Holden, E. A. Herbst, G. D. Phares, William Struthers, Jr., C. D. Foard, M. S. Willard, E. P. Willard, J. C. Shepard, J. L. King, Riley Smith and C. D. Myers. All these testified to circumstances of the fire and many of them to insufficient pressure.

Court will resume its sessions at 9:30 o'clock today. Aside from the Phares case yesterday, the only matter was the entering of a compromise judgment in the case of R. N. Sweet against J. W. Atkinson and the Insurance Co., of North America. The judgment was upon motion of Messrs. Rountree & Carr, attorneys.

MARRIED AT NOON.

Miss Sadye L. Duncan Becomes Bride of Mr. Ira K. Turnham.

A marriage announcement that will come with much interest and pleasure to a large number of friends is that of Miss Sadye L. Duncan and Mr. Ira K. Turnham, of Muldrow, Oklahoma, which was solemnized at noon yesterday at the home of the bride's mother, Mrs. Mary E. Duncan, No. 312 North Ninth street, in the presence of a large company of friends, the Rev. A. D. McClure, D. D., pastor of St. Andrew's Presbyterian Church, officiating.

The parlors of the home were prettily decorated with palms, ferns and cut flowers and afforded a pretty setting for a wedding so charming in all other respects. The bride was pretty in a gown of white messaline with veil caught up with orange blossoms and she carried a lovely bouquet of white carnations. She was attended as maid of honor by her sister, Miss Renaldi Duncan, and the groom by Mr. Thomas W. Tate as best man. The young couple left on the afternoon train for their future home in Oklahoma, carrying with them the best wishes of a host of friends in Wilmington and North Carolina.

NEWS FROM ROCKY POINT.

Strawberry Fields Endangered by Forest Fires—Other Items.

(Special Star Corespondence.)

Rocky Point, N. C., April 6.—A large forest fire is raging one mile west of Rocky Point and fields of strawberries are endangered from sparks. The flames lick with lurid tongues all objects within their reach.

The catch of shad and German carp have been unusually good this season. Carp weighing 20 pounds are daily taken in drift nets and they make most excellent steak or steam broil or fry.——Corn, beans and Irish potatoes are coming up. A shipment of berries by Mr. H. B. Bloodworth will go forward tomorrow.——An immense 'gator was captured at Lane's ferry last evening by a fisherman.

SPARKS SHOWS ARRIVED

Came in Over Seaboard Air Line Early This Morning From Lumberton, N. C.—Two Exhibitions in Wilmington Today.

The population of the city received a rather sudden increase of something like 200 people at an early hour this morning upon the arrival over the Seaboard Air Line from Lumberton, N. C., of John Sparks' World's Famous Shows, if you please.

It's the least bit out of season for a show day in Wilmington, but the small boy, and some of the larger ones, too, for that matter, are on tip-toe of expectancy for the sights and delights of circus day. The show grounds will be the vacant lot at Fourth and Castle streets and the show cars, which are said to be brand new this season and the largest ever built for show purposes, will be unloaded from the dummy line on Water street somewhere near show grounds. The Sparks shows exhibited here last year and the impression made then is expected to go a long way towards filling their big tented arena for both performances today. The show is said to have nearly doubled in size since it was here last year and the menagerie is much larger and better. If press notices in the Carolinas within the past several weeks are to be believed the increase in size of the show has been kept pace with in the form of the amusement afforded. Last year the shows carried but one elephant, but this year it boasts of a whole herd, including "Queenie," the smallest in captivity. There is said to be an entire change this season with not an old face or act on the programme or in the ring. Some sensational and artistic European acts have been imported this year and Wilmington people are expecting a great performance from reports that have preceded the show. Among the features are the "Five Flying Valentinos," a Spanish family of aerialist performers who are said to be the best in their line this side the Atlantic. Another European importation is the Petite Family of French acrobats, their work being fast, startling and sensational.

Among the animals acts receiving more than ordinary attention is Professor Mayo's Arabian stallions, who do a high class menage and cake-walking stunt that is said to be a marvel in horse intelligence. Professor Jacoby's herd of performing elephants are also featured and Calir's animal actors never fail to produce much fun and amusement. This act includes dogs, ponies and monkeys of all sizes and descriptions. The crowning feature of the animal contingent is probably professor Bruno's arena of performing lions and tigers.

The performances today will be at 2 and 8 P. M., the doors opening an hour earlier to accommodate the crowds. The street parade will occur shortly before noon and will be worth seeing. The extremely low price of 25 cents admission is charged to everybody. With these prices there should be a packed tent at each performance.

MRS. ELLEN LINKHAW

Passed Away Yesterday at Her Home in Lumberton.

((Special Star Telegram.)

Lumberton, N. C., April 6.—Mrs. Ellen Linkhaw, one of the oldest and most highly esteemed ladies of this place, died at her home today at 2:30 o'clock. In November she suffered a stroke of paralysis from which she never recovered sufficiently to leave her room though pneumonia was the immediate cause of her death. Mrs. Linkhaw was a native of Brunswick county, having been born near Wilmington, but removed to Lumberton with her husband before the war. She is survived by four children, Mr. W. I. Linkhaw, Mesdames Frank Gough and A. P. Caldwell and Miss Amelia Linkhaw, all of whom were present when the end came. She was an aunt of Mr. Fred T. Skipper and Mrs. D. McEachern, of Wilmington. The funeral will be conducted from the residence tomorrow by Rev. C. H. Durham, pastor of the First Baptist Church, and the interment will be in the new cemetery beside her husband, who died several years ago.

Audit and Finance Board.

The Board of Audit and Finance was in regular semi-monthly session last night at the City Hall, Chairman M. J. Heyer presiding and all members in attendance, but no business other than the regular routine was transacted. The action of the Aldermen in amending the tax ordinance with reference to payment of license on private meat markets was not concurred in on the ground that it was bad policy to change ordinances to suit individual cases. Bills for current expenses were examined and approved, including the expenses of the recent primary, which cost the city only $263.20.

Soft Drink and Tobacco Business.

Mr. Benj. Horne, a popular young Wilmingtonian, has purchased from Mr. D. L. T. Capps the soda fountain and tobacco and cigar business of his handsome store at No. 123 Princess street and will be in charge of the same in the future. Mr. Horne will conduct an up-to-date place with the newest and freshest of everything in his line and will be pleased to have a call from his friends at the location named.

CALVIN ANNIVERSARY

Scholarly Address by Dr. H. A. White, Featured Opening Day of Presbytery.

THE ATTENDANCE LARGE

Rev. J. M. Plowden Elected Moderator—Rev. A. McFadyen Stated Clerk—Reports From Departments—Docket.

A scholarly and most inspiring address last night by the Rev. Dr. Henry Alexander White, D. D., of Columbia Theological Seminary, the first of a series of similar discourses by eminent Presbyterians of the Southern Church in honor of the Quadricentennial of John Calvin, the great reformer of the sixteenth century, was a distinctive feature of the opening day of the 79th sessions of Wilmington Presbytery, which convened yesterday morning with the First Church, of this city.

The opening of the Presbytery and Calvin anniversary exercises was most auspicious in every way. Not only is the attendance large but it is very representative of the churches within the bounds of Presbytery and those in attendance have already taken an abiding interest in the proceedings. The committees from the First Church which have the programme in charge and the entertainment of the visitors have been most successful with their work and the present sessions will go down in the annals of the church as one of the most enjoyable in recent years. The visitors began arriving Monday afternoon and all trains yesterday brought their quota while still others are expected today. It is a pleasure for Wilmington Presbyterians and the people generally to have the meeting of Presbytery here, especially at this time and on this occasion.

Presbytery met yesterday morning at 11 o'clock with the opening sermon by Rev. P. L. Clark, of Clinton, who delivered a strong and most elevating discourse. Presbytery was formally constituted with prayer and the docket was taken up with the election of moderator and clerk. It fell most happily to the honor of Rev. J. M. Plowden, evangelist of the Presbytery, to preside at these sessions, and Rev. A. McFadyen was again re-elected stated clerk, these officers assuming their respective duties. The morning hour was largely taken up with the hearing of reports, the reading of minutes and communications and narratives from the several churches, giving an account of the progress of the work since last meeting, with the appointment of standing committees and other routine business.

Address by Dr. White.

Presbytery reconvened at 8 o'clock last night, Rev. J. M. Plowden presiding, and a very large congregation in attendance. The feature, of course, was the address of Dr. White, who was presented by his host, the Rev. A. D. McClure, D. D., pastor of Saint Andrew's Presbyterian Church. Dr. McClure spoke of the former visit of Dr. White to this city when he delivered the address upon the hundredth anniversary of the birthday of General Robert E. Lee and of his gifts as a historian, being the author of a life of General Lee and of a school history now in use in Wilmington. He referred to the pleasure it gave the Presbyterians of Wilmington and those of the First church, especially, for the Presbytery to gather here upon an occasion fraught with so much pleasure in doing honor to John Calvin, presenting Dr. White most gracefully to speak upon the subject, "The Times in Which Calvin Wrought."

Dr. White began by speaking of the great men each century has given to the world—Gladstone in the 19th; Washington and Pitt, in the 18th; William of Orange, Cromwell and Milton, in the 17th; John Calvin and his contemporaries in the 16th. Dr. White at the outset demonstrated the rare ability of making historical review interesting, going first back to even earlier days than those of Calvin, analyzing some of the causes which led up to conditions, later so graphically and understandingly described. His knowledge of the world's history in the time of which he spoke is well nigh inexhaustible and he told of the countries of Europe and their rulers, all leading up to the Empire of the Papacy, which later afforded the reason and the cause for the great reformation wrought by Calvin. He drew a convincing word picture of the elements at work under the Empire of the Papacy and told of the difficulties that beset the pathway of the reformer of even greater power than Calvin, the church and State being compactly bound together in bonds that seemed well nigh unbreakable. Calvin and his work was compared with Luther, largely devoting his energies and offices to his own people, the Germans; LaFayette, in France, and Zweingle, in Switzerland. Calvin was the product of a return to the classics of French, Greek and the English. He was a student and profound scholar in all the works of all the countries in contradistinction to other great reformers of about the same period. Trained for the law, he

(Continued on Page 5.)

COLUMBUS OFFICER SHOT

Constable Jessie Long Instantly Killed in Bug Hill Township Late Monday Night—Bloodhounds Placed on Trail.

A long distance telephone message from Whiteville yesterday morning brought news of another tragedy in Columbus county, the killing of Constable Jessie Long, of Bug Hill township, about 25 miles from Whiteville, by Sam Watson, a negro whom he had under arrest late Monday night and who was being conveyed to jail at Whiteville for trial at Superior Court there next week.

Sheriff Richardson upon learning of the tragedy immediately secured the bloodhounds from Chadbourn and left with them yesterday morning for the scene of the killing. Mr. Long was a storekeeper and a citizen generally respected in the community and feeling ran high against the negro in the Pireway section of the county where the dead man's family resided. From information that came to Whiteville, Mr. Long had the negro under arrest and had him either at his store or house, waiting to convey him to jail. The negro asked that a rope with which he was bound be loosened and that he be permitted to walk out for some fresh air, the officer accompanying him. The constable had apparently neglected to search the negro when placed under arrest, for as soon as opportunity presented itself, the prisoner quickly drew a revolver and fired on Mr. Long killing him instantly. The sheriff has much faith in the bloodhounds and hoped yesterday or last night to effect the negro's capture. The murder was in cold blood and it is stated that it will be hard for the people of the community to restrain themselves if the negro is captured.

FUNERAL OF MR. GREGG

Large Number of Friends Paid Last Sad Tribute to Memory of Deceased.

In the presence of a large assemblage of friends, impressive funeral services were conducted from the late residence, Fourth and Princess streets, at 5 o'clock yesterday afternoon, over the remains of the late Mr. Evander MacIver Gregg, whose tragic death was such a shock to the community on Monday morning. The services were by Rev. Thos. P. Noe and the funeral hymns were sweetly rendered by a special choir from Saint James. A large number of pretty floral tributes were laid upon the casket by friends and acquaintances here while several came from friends at a distance. A brother of Mr. Gregg from Winnsboro, S. C., a sister from Florence, S. C., and other absent members of the family arrived during the day to attend the obsequies.

The interment was in Oakdale cemetery, the pall-bearers having been; Honorary, Dr. T. S. Burbank, Captain Walter G. MacRae, Captain Louis S. Belden, Captain James I. Metts, Messrs. J. Hal Hoatwright, R. F. Hamme, W. B. McKoy, and Mr. G. J. Boney; active, Messrs. R. H. Pickett, R. W. Hicks, W. H. Brown, J. C. Morrison, J. H. Watters and C. C. Chadbourn.

MR. MURRAY CROOM INJURED.

Fell From Repair Tower of Tidewater Power Company Yesterday.

Young Mr. Murray Croom, an electrician employed by the Tidewater Power Company, was quite painfully, but it is hoped not seriously, injured as the result of a fall early yesterday afternoon from a repair tower near 17th and Market streets. With Foreman J. E. Womack and Electrician A. L. Durham and two colored helpers, Mr. Croom was at work on the trolley wire, standing on top of the tower car as it was being propelled along the track. One of the wires, not however charged with electricity, caught Mr. Croom about the head or shoulders and pulled him off the tower. He fell a distance of nearly 20 feet to the track below, striking one of the irons of the track. The hospital was notified as quickly as possible and the ambulance met the Carolina Place car at Front and Princess streets, bringing the injured man to the city. It was stated last night at 10:30 o'clock from the hospital that Mr. Croom had no bones broken and was resting very easily; that his injuries would not result seriously unless complications arose.

WHITE MEN TRIED

Trouble Resulted From Dispute Over Property—Peace Bonds Required.

Henry and "Reddy" Thompson, two white men, who reside at Scott's Hill, were arrested and brought to Wilmington yesterday by Constable Geo. R. Smith, and given trial in Justice Bornemann's court on peace warrants. A bond of $50 was required from each of the defendants to keep the peace for six months.

The charges were preferred by John W. Capps and wife, who claimed that they were threatened and feared trouble at the hands of the defendants. The arrests, it is understood, is the result of a bitter dispute over title to a piece of property, which has caused much feeling among the parties concerned and has been in the nature of a feud, which began over four years ago. The day prior to taking out the warrants the timely interference of the officer prevented a fight between the parties, and bitter enmity was exhibited at the trial of the case.

AFFAIRS IN RALEIGH

One Convicted in Smith Murder Trial Enters Upon Sentence in Prison.

THE GROWING OF PEANUTS

Bulletin From Agricultural Department—Commitment to State Penitentiary—Other Capital Notes Yesterday.

(Special Star Telegram.)

Raleigh, N. C., April 6.—Red Hopkins, one of the three young men convicted in Wake court for the murder of Dr. W. E. Smith, of Richmond, was carried to the State's prison this afternoon to begin his 20 years' sentence. The other two, Earle Cotton and Tim Holderfield, are still in jail awaiting final settlement of the question of appeal to the Supreme Court from sentences of thirty and ten years.

Counsel gave notice of appeals today, but it is understood since there will be no appeal. However, they have 15 days within which to perfect the appeal, which prisoners are anxious to do but counsel are averse to it, contending that the prisoners had better not risk a second trial. If appeal is not perfected at the expiration of 15 days, the prisoners will be taken to the penitentiary.

Commissions are issued to the officers of the new company just mustered in at Thomasville as Company L, Third Regiment. They are Capt. W. A. Burgwyn, First Lieut. Zed Griffith, Second Lieut. C. H. Newby.

E. E. Hight, a jeweler, of Henderson, was brought here from Vance county to serve a year for embezzlement of watches and other jewelry from his employers, A. W. Cholston & Co.

Commissions are issued to Captain John D. Parker, of Charlotte as inspector of small arms practice for the First Regiment, and to Lieutenant R G. White of Edenton as Lieutenant and Battalion Adjutant Third Infantry. The latter vacancy was caused by the resignation of Lieutenant J. T. Dortch, of Goldsboro.

The State Commissioner of Insurance paid into the State Treasury today $14,198.10 receipts of the department for March. The fiscal year runs from April to April and the total collections for the year just closed rounds up $234,482.63, this being a gain of something like $10,000 over the previous year.

H. F. Seawell, the Roosevelt appointee for the Eastern Carolina judgeship who failed of confirmation by the last Congress and whose fate is in the balances with President Taft as to reappointment, spent several hours in the city today returning to his home in Carthage from Washington where he had been in response to a telegram from Attorney General Wickersham summoning him to the National capital to be "re-surveyed" along with the other candidates for the judgeship. Modesty, of course, prevented Mr. Seawell from talking much about the situation or his prospects for appointment but he manifested every "symptom" of confidence in his ultimate reappointment. He talks in a most delighted manner of the treatment accorded him in Washington by President Taft, Mr. Wickersham and the others. He has gained an impression that the appointment will be announced from the White House sometime this week.

Mr. C. H. Gattis was busy shifting his office relations with the Seaboard Air Line from traveling passenger agent to that of district passenger agent in charge of the passenger traffic of the company for the whole State, a deserved promotion that has just come his way. Major Gattis has been in the service of the company for 16 years, having begun when twelve years as an office boy and worked his way up as clerk, stenographer, ticket agent, city ticket agent and traveling passenger agent. His friends are delighted here to learn that he will continue to make Raleigh his headquarters.

The March Bulletin of the North Carolina Department of Agriculture is devoted to the culture of peanuts an especially important industry throughout Eastern Carolina, especially, the papers being prepared by State Chemist B. W. Kilgore and T. E. Browne and include the history, statistics, varieties, climate and soils, seed selection, fertilization, planting, culture harvesting and picking off together with much other data of great value to growers. The last census reports showed the largest gains in peanut culture in North Carolina of any State in the Union, the value of the crop for this State being $1,852,110, North Carolina and Virginia being the largest growers among the States that engage in peanut culture.

Professor J. A. Bivens, recently appointed by the State Board of Education as superintendent of the State colored normal schools and of the teacher training work in the State, notably the county institutes, arrived today to enter upon his new duties. He has been superintendent of the Monroe Graded schools.

—Mr. A. D. Rich left last night for a business trip to Sampson county and Norfolk, Va.

KITCHIN'S CONSISTENCY.

Congressman Claude Kitchin's speech on the tariff is said to have been one of the best made on either side. He strongly advocated free lumber, as demanded in the Democratic platform. In this he is apparently greatly in the minority with the Democratic members from the South. The declaration of the party on this subject may not have had the approval of a majority of the delegates at the national convention, but was forced upon them by the Bryan element in that body, as is charged. If that be true whose fault is it that the party today finds itself in the awkward position it occupies?? That, if course, of those who allowed themselves, against their will and their better judgment, to be put in the attitude of favoring a declaration just because it was urged and insisted on by Bryan and his personal friends. Kitchin has one advantage over them. He is consistent. He advocates on the floor of the House what he supported at the time of the drafting of the party platform. He does not have to explain his position by a line of argument which to many may seem very lame. He has to make no excuses to his party for the position he occupies. The principle he advocates may be wrong—may be hurtful to the people of the section he represents; still, it is the principle declared for by the party to which he belongs. If Mr. Kitchin is wrong then the party is wrong in advocating free lumber in its platform. Here is how in his speech he answered the argument of those who advocate free trade for one article and protective tariff for another:

"If you begin protection on one, you will end in protection on all industries. If you are for protection for your home industry you must be for protection on the other fellow's industry. If you are for protection on principle, then honesty demands that you advocate protection on all industries. If you are for protection from selfishness, then as matter of policy you must be for protection on every other industry. You cannot get the other fellow to help you by law to force the people to pay tribute to your industry, unless you are willing to help him force the people to pay tribute to his industry. The scheme of robbing by law the millions for the benefit of the few is one of harmonious co-operation."

He opposes making an exception to the Democratic principle of "the greatest good to the greatest number" just because the few for whose benefit the exception is urged happen to be of his own section, remembering that among the many are also his own people.

THE SCRAMBLE FOR THE JUDGESHIP.

What at first was a dignified endeavor by the friends of several lawyers in the State to secure for their man the appointment as Judge of the Eastern District has degenerated into an unseemly scramble by candidates and their friends; and to the shame of the Democrats it must be admitted that members of their party are as deep in the mud as the Republicans are in the mire. This contest for a high judicial office has been carried to such extent that actually Democrats are fighting among themselves. Yesterdays news from Washington was to the effect that a telegram had been sent to the White House containing 2,500 signatures protesting against the appointment of Frank L. Fuller, of Durham, one of the Democrats whom the President has been urged to appoint. Were this a Democratic administration, headed by a dyed-in-the-wool Democrat who was expected to appoint no one but a Democrat of the same quality to the office the conduct of many of the Democrats who are working for the appointment of their candidate would be open to severe criticism. How much more so, then, is it when the official from whom the appointment is sought is the head of the opposing political party, the man whom those same Democrats were declaring from every stump in the State last fall was not a proper person to occupy the lofty position before which they are now tussling and scrambling with each other in the endeavor to get the nod of approval from him as its occupant. Considering the character of the office and the dignity of the profession from whose members the incumbent must be chosen they are as undignified proceedings as the country has witnessed in many a year.

THAT BRYAN MULE.

Will somebody please tell us what has become of that trick mule that was to go to the banner Democratic county in the last presidential election? The last we heard of him he was patiently waiting for the dispute to be settled among several counties and townships as to which had won the prize. We would like to know to whom his muleshrip was awarded, or if there was no award what has become of him. Perhaps he is being held on the Nebraska farm awaiting the campaign of 1912 to be again offered to the county or township which will give Bryan the biggest vote. If he is a gray mule he will be able to do service in this way for a good many campaigns to come. Between times he will be able to earn his feed by helping to make crops on the Bryan farm.

Poor old Tecumseh. They won't let him rest in peace even after death, but must dig up his body after it has lain in the grave for more than a hundred years and expose it to the gaze of those moved by morbid curiosity to look upon it.

The Eastern District Judgeship is made more complicated and the President's position more embarrassing by the declared intention of Hon. Clarence Call, of Wilkes, to shake North Carolina dust from off his feet should a Democrat be appointed to that office.

If the thousands who are benefitted by low tariff in comparison with the tens who profit by protective duties would be as energetic in their own interests as are the latter in theirs, prohibitive tariff on necessaries would not be possible.

Members of both parties in the House of Representatives have kicked over the traces; but that won't effect results in the final framing of the tariff bill. As passed it will be what the Republican leaders want.

Ex-Crown Prince George, of Servia, has decided to take a hunt in Central Africa. We hope he and our ex-President will get along all right if they meet in the jungles. Neither has the best of temper.

And they say there was nothing in Senator Elkins' indignant protest against the "crucifying of the South," that it was only an exhibition of temper by this Coal Baron at the proposition to put coal on the free list.

The Charleston News and Courier boasts that all the good lawyers in South Carolina have been retained by it as counsel. Is this because of guilty knowledge of a multitude of sins committed?

When the women get to buttoning up those 500-button dresses they will be more lenient with the men for the language the latter sometimes use when wrestling with a single collar button.

After two years of testimony taking the argument has begun in the Government's suit to dissolve the Standard Oil Company of New Jersey. At this rate it is hard to tell when final judgment will be reached.

Of course the Supreme Court of the United States will come in for criticism and perhaps abuse for its decision in favor of the railroads in the Kentucky rate case.

CURRENT COMMENT.

—The bill to reduce Southern representation in Congress need not be considered seriously. No doubt the member from New York has some objection to the side, but there is no probability of the bill becoming a law. Crumpackerism and Keiferism have about run their course. They are grand stand plays, and the South is not at all worried about them.—Birmingham News.

—We knew it was coming and it has come. A dispatch from Pittsburg states that the woman implicated in the Whitla kidnapping says she is not the daughter of the Chicago fireman, but that she is from Atlanta, Ga. Of course. Every intelligent person knew there was bound to be an Atlanta end to the story. There has been an Atlanta end to every story ever since Adam and Eve emigrated from South Carolina to Georgia.—Columbia Record.

—Spectators in the galleries of the House of Representatives at Washington are developing veritable Sherlock Holmes induction when it comes to spotting the subject upon which a Congressman is going to speak. Seeing a member with a pine board peeping out of his coattail pocket, they look for a lumber speech. The Honorable with a lump of coal in his hand has no designs upon the Speaker's head, but will say something of tariff on fuel. It is time to charge admission for watching such rare sport.—Charleston Post.

—The Missouri railroads will permit their patrons to travel at 2 cents providing each one applying puts up $40 for a 2,000-mile book. That is one of the effective ways of preventing that proper understanding of "the interdependence of the people and the roads" regarded in certain high quarters as essential to peaceful and pleasant relations. All who do not want mileage books—and that includes a large majority of the people—pay their little old 3 cents just as they did before President Roosevelt kicked up all this dust.—Chattanooga Times.

—The type of smallpox that was scattered over this country as seed from the Spanish-American war, was something but little more dangerous than chicken pox. In fact, some people have always insisted that it was a brand of that disease. But the smallpox that has broken out in a mill village near Yorkville seems to be the genuine article—the sort that kills. It seems to be a fact that a type of smallpox has developed of which people stand in the old-time fear.—Columbia Record.

—It was a long while before Congressmen dared to vote to raise their own salaries. It will be longer still before they vote to cut the salaries down. A good representative is not overpaid at $7,500 a year. A poor representative is overpaid at any price. But Congress makes no distinction in values among its membership, and it is the only arbiter when the question of remuneration is concerned. Salary laws are seldom revised downward when those charged with the enactment and alteration of them are unfavorably affected by revision. That is not more characteristic of Congress here than it is of human nature the world over.—Brooklyn Eagle.

—The casual mention of the fact that 80 per cent. of the hosiery made in this country is sold through a single selling agency sheds a good deal of light on the mystery of the increased duties on stockings. If there be one thing more than another to which Republican Congressmen are subservient it is a trust. If four-fifths of all the hosiery is sold through a common agency there is practically a stocking trust; and wherever there is a combination in restraint of trade there will the Republican Congressmen be gathered together to receive their orders—and also other things, perhaps; not, of course, in a personal, but in a party way; for the Congressmen are all honorable men.—Philadelphia Record.

—From time to time some pessimist gets up in meeting and wants to know what we are going to do for artificial heat when the coal is all burned up. Prof. Goode, of the University of Chicago—trust the U. of C. to step into the breach, every time—says we needn't lose one wink of sleep on that account. Power may be obtained from the sun in America's desert area each year sufficient to generate 13,000,000,000-horse power, says Prof. Goode, and that is 300 times the amount of power that is at present secured from coal. Since power and heat are convertible, the one into the other, we shall not have to freeze or walk as long as the sun and the storage batteries hold out.—Savannah News.

TWINKLINGS.

—"Why did she refuse the judgeship?" "Says she doesn't consider ermine becoming to her style of beauty."—Louisville Courier-Journal.

—Ambling Armand—Was the man you ran down injured for life? Pirouetting Pierre—No; for damages.—Kansas City Times.

—"My cocoa's cold," sternly announced the gruff old gentleman to his fair waitress. "Put your hat on," she sweetly suggested.—New York Observer.

—A Staid Creature. He—Bacon—Didn't I notice you were moving up at your house today? Egbert—Yes; all but the hired man.—Yonkers Statesman.

—Jack—There's one good thing about widow's weeds. Tom—What's that? Jack—They rarely interfere with the growth of orange blossoms.—Chicago News.

—Redd—What's the fastest Marathon that you ever heard of? Greene—I can't give you the exact time, but I know it was made by my gas metre.—Yonkers Statesman.

—"It's impossible for me to dress on $5,000 a year." "Well, my love, you must wear less." "Don't be silly. You know perfectly well that the less I wear the more it costs."—Judge.

—Lonny—Say, let's promise to marry each other when we grow up. Gracie—Oh, no; I might like somebody else better then. Lonny—Me, too. Gracie (hastily)—Oh, yes; let's do promise.—Kansas City Times.

—Helped Some—Mrs. Gillet—So there is a tablet in your transept to her memory. Did she do anything to bring people into the church? Mrs. Perry—Well, I guess! She wore a new hat every Sunday for three years.—Harper's Bazar.

—They Met at Luncheon—Baron Hengelmuller, the Austrian Ambassador, was making conversation at a dinner party. "Did you ever visit the Selkirks?" he inquired of the lady at his right. "Oh, yes, indeed," replied his neighbor airily. "I have taken luncheon with them many times."—Saturday Evening Post.

—Winston Journal: The Mt. Airy News hears that the report to the effect that the family of W. E. Paul would sue the Southern Railway for $50,000, alleging that the overwork was responsible for his taking of his own life, is a mistake. The Mt. Airy paper also states that those who are supposed to know most about it are now of opinion that the death of Mr. Paul was the result of an accident. He has been subject to fainting spells and for years it had been his custom, as express agent, to carry a pistol to and from his residence. The morning of his death he started to the depot and, his friends think, stopped at the stable to sort some onions that he was preparing to plant, and while there alone was seized with one of the attacks of vertigo and accidentally killed himself.

—The Robesonian: After deliberating some two hours, at 5 o'clock Saturday afternoon the jury in the case of W. O. Edmund vs. the town of Lumberton answered "No" to the question, "Was the plaintiff injured as alleged in the complaint." Which means, of course, that Mr. Edmund gets nothing and is taxed with the costs in the case. Thus ended the most important case that came up for trial in Robeson Superior Court last week. Mr. Edmund asked for $10,000 damages for injuries alleged to have been received some three years ago on account of the negligence of the town in leaving a sewer ditch on Elm street not properly guarded.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. Robert R. Bellamy.

No Ipecac

needed to sicken the little sufferer. Apply Vick's Croup and Pneumonia Salve, relief is sure in fifteen minutes. Just try it and get your money back if it fails.

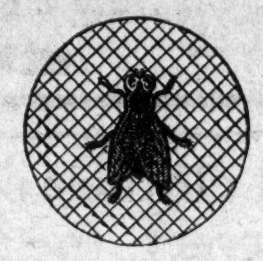
House Fly is Germ Breeder, especially in typhoid fever cases it is accountable for distribution.



7,650 NEW YORK DEATHS CAUSED BY HOUSE FLY

Special to The Journal.
New York, Dec. 18.—Seven thousand, six hundred and fifty deaths are caused annually in New York city by the common house fly. The figures are given in a report to Governor Hughes by Dr. Daniel C. Jackson, bacteriologist of the water bureau. Compilation was made from a study of the habits of the fly and the way in which victims contracted fatal attacks of typhoid and intestinal diseases.

"The time of greatest prevalence of flies," says the report, "was in the three months beginning on July 1, and ending on Oct. 1. Corresponding exactly, deaths from intestinal diseases rose above the normal, culminated at the same high point and fell off with a slight lag at the time of the gradual subsidence of the prevalence of the insect."

Plain and fancy Screens of various sizes and lowest prices. Let us figure on your wants now before stock is broken.

RATE INJUNCTION DISSOLVED

Alabama Railway Rate Case Decid.d Against Railroads.

(By Wire to the Morning Star.)

New Orleans, April 6.—The United States Circuit Court of Appeals today dissolved the injunction ordered by Judge Thomas G. Jones in the United States District Court at Montgomery, Ala., restraining the State Railroad Commission from putting a two and a half cent passenger rate and reduced freight rates into effect. The opinion of the Circuit Court of Appeals was concurred in by Justices Shelby and McCormick, Justice Pardee dissenting.

The court put itself on record as favoring an appeal to State Courts as a first recourse, and expressed regret that an opportunity had not been given the State Supreme Court of Alabama to pass upon laws enacted by the Alabama Legislature.

The effects of today's decision will be to remand the case to the lower court at Montgomery for further proceedings.

The injunction which was today dissolved was sweeping in its effect. By its terms the proposed rates were superseded and suspended until the final determination of the cause. All persons were restrained from instituting any suits against the roads on account of refusal to comply with the provisions of the act; prosecuting attorneys were restrained from instituting criminal proceedings under these statutes; clerks of courts were restrained from performing any official duties and sheriffs from making arrests in this connection.

PERMANENT TARIFF BOARD

Prediction Such Will be Provided For in Tariff Bill.

(By Wire to the Morning Star.)

Washington, April 6.—That the tariff bill in its final form will provide for a permanent tariff board was confidently predicted today by H. E. Miles, chairman of the executive committee of the committee of one hundred appointed at the recent Indianapolis tariff convention to foster such a scheme.

Mr. Miles announced that Senator Aldrich, chairman of the committee, has informed him that he favors some such arrangement and added that "Senator Aldrich may be expected to distinguish himself by working out the problem." Senator Root, according to Mr. Miles, has also declared himself in favor of the tariff board.

"The mistakes in the present bill," said Mr. Miles, "some of great consequence, some small, and one whole schedule known to be radically wrong with no chance of making it right in either house at this session—this and the general need of world markets are making the need of this tariff board clear to every one."

MURDER OF POPE S. HILL

It is Still a Mystery—Other Evidence Against Suicide Theory.

(By Wire to the Morning Star.)

McRae, Ga., April 6.—A score of detectives, two deputy United States marshals and dozens of friends of Pope S. Hill, the Macon, Ga., attorney who was killed here Sunday, have been unable to get a clue to his assassins. The belief that he was murdered was greatly strengthened today when a fracture of the back of his skull was discovered.

It is thought that the blow which caused the fracture was dealt with a heavy oaken bar which was used to fasten the rear door of the office in which he was found dead.

WANTS TO FIGHT JOHNSON.

Tommy Burns to Challenge Him and Posts $5,000.

(By Wire to the Morning Star.)

New York, April 6.—Tommy Burns from whom Jack Johnson wrested the heavy weight championship of the world, is anxious for another fight with the negro pugilist. Hugh D. McIntosh announced tonight that he had been authorized to arrange for a match. He said he would post $5,000 tomorrow to bind such a match.

If Johnson does not accept, McIntosh said Burns would fight Ketchell and Kauffman, but certain terms, which he would not make public at present, would have to be complied with by the last two named fighters.

WARM WIRELETS.

Governor Shallenger of Nebraska, yesterday signed the daylight saloon bill. The measure, which becomes effective July 6th, forbids the sale of liquor except between 7 o'clock A. M., and 8 o'clock P. M.

Adjutant Thomas W. Scott, died yesterday of heart failure at his home in Fairfield, Ill. General Scott, in the civil war, served in the 8th and the 98th Illinois infantry. Jefferson Davis was captured by a detail under him.

The Alabama Supreme Court has declared the State Prohibition law valid, all the Judges concuring in the opinion. This is the second time the court has upheld the State-wide act of the last Legislature. It was attacked on several constitutional grounds.

The Arkansas Senate has passed a bill placing a heavy penalty on persons drinking intoxicants on trains in the State or on station platforms. This will probably affect buffet cars, although intended only to stop rowdyism.

During the spring every one would be benefitted by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. Robert R. Bellamy.

"I'd Rather Die, Doctor, than have my feet cut off," said M. L. Bingham, of Princeville, Ill., "but you'll die from gangrene (which had eaten away eight toes) if you don't," said all doctors. Instead—he used Bucklen's Arnica Salve till wholly cured. Its cures of Eczema, Fever Sores, Boils, Burns and Piles astound the world. 25c at R. R. Bellamy.

AN OPEN LETTER
TO OUR FRIENDS AND PATRONS

TWO YEARS AGO we opened our doors for business, setting our ideal of perfection at the highest commercial notch. With a bound it seemed to leap into popular favor, and the consequences have been wonderful upward strides, a constant bettering of our merchandise, a constant increase in varieties, daily improvements in our store service, and a tremendous increase in our great and growing business.

This record of successful effort was not made possible by our work alone, and never have we appreciated more than now our obligation to our good friends and patrons who have made this condition possible. We have never allowed ourselves to feel that in simply giving a customer his or her money's worth we had fulfilled our whole duty, but tried to perform that duty in such a way as to assure them that we appreciate their patronage.

In an age where The Best is the recognized standard of achievement in every field of endeavor, our store becomes a synonym for supremacy in clothes. A store where exclusiveness in style is more than a mere phrase—where merit of a high order is the unfailing stamp of distinction—where men are accustomed to come and choose with pleasure their apparel from season to season, knowing that the finest clothes the world produces are the clothes we sell every day.

WE ARE SOLE AGENTS FOR

"Stein-Bloch Co.'s Smart Clothes" and Michaels-Stern's

"THE BEST WORN, WORN BY THE BEST."

These are our leading lines and they represent all that is desirable in high grade ready-to-wear garments. For Boys and Children we are agents for N. Snellenberg & Co. The clothing of Boys of all ages is our specialty, and we can demonstrate this assertion to your satisfaction.

The old saying, "every man to his trade" is no longer applicable to the trade of clothes making. Nowadays it should read "every man to his SPECIAL part of his trade," for that is the way it is done by the wholesale tailors who build our garments. For example: our clothes for young men are turned out independently of the older men's—they are designed, planned and executed independently, resulting in the creation of individual styles for the younger generation.

A complete line of Hats and furnishing goods.

J. W. FLEET COMPANY

SOUTHWEST CORNER FRONT & PRINCESS STREETS.

REASONS

The reason we expect your business in the machinery line is that we have the largest and best located plant in the city. We are prepared to rebuild all kinds of Locomotives, Engines, Boilers, Saw Mills, Etc.

Cromartie, of Clarkton; Mr. M. F. Crawford, of Fayetteville; Mr. R. D. DeVane, of Red Springs, were in the city yesterday, among the guests at the Colonial Inn.

HAPPENINGS AT DUNN.

Lumber Fire Monday Morning—Methodist Conference Closes.

(Special Star Correspondence.)

Dunn, N. C., April 5.—About 11:30 A. M. a fire which originated from a spark from the stack, destroyed some 50,000 feet of sawed lumber at Mr. G. F. Pope's mill. A strong wind was blowing but fortunately it took the fire from the mill. There was no insurance.

The Fayetteville District Methodist conference closed here last night. It was the decided opinion of almost everyone in attendance that it was the best session of the conference ever held. Dr. J. T. Gibbs, presiding elder, held the reins with a tight grip. He dispatches business rapidly and looks with a keen eye to every interest of the church. All the charges in the district reported collections in full. One of the main features was layman's day. Dr. D. B. Zollicoffer, of Weldon, lay leader of the North Carolina conference, made a great speech on Friday. Enthusiasm ran high. At night Dr. Edwin Mimms, of Trinity, delivered a scholarly address. His plea for a larger life was eloquent. With such men for teachers, it is no wonder Trinity stands first among the institutions of learning in North Carolina.

On Sunday the Methodist preachers filled the pulpits of the churches of Dunn to the delight of their respective congregations. The debt on the district parsonage amounting to $1,600 has been raised during the year and only $200 remains to be raised at conference. By the liberality of Hon. H. L. Godwin and J. I. Thompson and others, it was possible to pay the debt in full. The parsonage is now out of debt. Much credit is due to Rev. R. W. Bailey, of Sanford, with Dr. Gibbs, the presiding elder. The town of Dunn entertained the conference handsomely.

Mrs. Jesse B. Lee died yesterday. She had been sick a long time. She was buried at Spring Branch today with funeral by Rev. A. R. McQueen, of the Presbyterian church.

Birmingham's new two million dollar terminal station was dedicated with elaborate ceremony yesterday. Many railroad officers were present. The programme included a parade and a number of addresses in the waiting room of the station.

LOCAL DOTS.

—First Church of Christ, Scientist, Market and 17th streets: Services this evening at 8:15 o'clock. All are invited.

—Mrs. Mary Carroll, who has been conducting the hotel at Lake Waccamaw, continues so critically ill that guests are not received at the hotel for the present.

—The British steamer Bangor, Captain Brown, arrived yesterday from New York to receive cargo of cotton from Alexander Sprunt & Son for foreign markets.

—License was issued yesterday for the marriage of Miss Augusta Perdue, daughter of Mrs. Mollie Perdue, and Mr. Jack E. Lanier, a son of Mrs. Sarah E. Lanier, all of this city.

—The meeting of the Carolina Beach Pleasure Company was held Monday night in Red Men's Hall. All of the old officers were re-elected. The treasurer's report showed the company to be in excellent financial condition.

—Out of respect to its valued member and co-worker, Mrs. E. M. Gregg, the music department of Sorosis, which was to have met this afternoon, has postponed its meeting for one week. Members are requested to note the change.

THIEVES PLAYED HAVOC.

Distillery of W. M. Troutman Co., Almost Wrecked—Damage $2,000.

Three negro thieves in their reckless plunder to obtain metal to sell for junk, are reported to have almost demolished the distillery of W. M. Troutman Company, the property of Mr. T. J. Gore, on Smith's Creek, the damage being estimated at between $1,500 and $2,000. Two of the alleged thieves; Ollie Grady and Frank Andrews, were arrested yesterday morning by Officer Leon George, and it was then discovered the mischief that had been done. They were trying to sell the stolen property when arrested, were later given a preliminary hearing before the Recorder.

At the hearing of the case it developed that the negroes broke open the distillery some time recently and so completely wrecked the place it is probable that their operations were in progress several days before detected. Recorder Furlong amended the larceny charge and held them under bonds of $200 each for trial in the higher court on charges of house breaking.

The destruction of the property may be a loss of more than the amount mentioned, a water condenser valued at $500, and much other valuable property, being completely wrecked, besides the breaking of locks and the larceny of tools. Officer Leon George had information yesterday morning that negroes were making an effort to sell some stolen property at a junk shop on Chesnut between Water and Front streets and was soon on their trail, capturing them in a warehouse, where they were concealed in an effort to evade the officers. The distillery had been closed since the first of January. Both of the parties arrested have been in court before and have served time for such offenses.

Other cases investigated at the session of the Recorder's court yesterday included that of D. J. Bond, a white man, charged with interfering with an officer, which was dismissed, defendant having proved an alibi, as were two cases against "Dr." N. I. Livinson, who was arrested last Saturday on false pretense charges. The cases against Ben Crumpler, for retailing, and F. J. Gooding, for carrying a concealed weapon and an affray, and J. Wannamaker, for an affray, were continued.

HANOVER SEASIDE CLUB.

Annual Meeting Last Night—Election of Officers and Other Business.

The annual meeting of the Hanover Seaside Club was held last night in the handsome Howard Relief building, Front and Orange streets, a large number of members being in attendance. The affairs of the club were generally considered in connection with reports of officers, etc., and the annual election of officers resulted as follows:

President—Martin Schnibben.
Vice President—F. A. Bissinger.
Secretary and Treasurer—J. W. H. Fuchs.

Executive Committee—M. G. Tiencken, J. G. L. Gieschen, H. T. Duls, and C. P. B. Mahler.

The House Committee will later be selected by the Executive Committee. The Hanover Seaside Club owns one of the prettiest and most handsomely appointed club houses on Wrightsville Beach and has a large membership. It is understood that a number of improvements are contemplated before the opening of the approaching season, these to be in charge of the Executive Committee.

REVIVAL MEETINGS.

Services Being Held Daily at Grace Church—Much Interest.

The Grace church revival is proving a religious meeting of great interest in the community and a fine sermon last evening by Rev. T. A. Smoot was directed to the members of the congregation. The singing is especially good and interesting.

The official board of the church is holding a meeting at the Y. M. C. A. each day at noon and the ladies of the congregation a prayer service at the church each afternoon at 4 o'clock. The Baraca Class gather each evening at 7:15 o'clock and hold a prayer service shortly before the regular evening service.

R. A. Jackson, of Chicago, was yesterday elected president of the Rock Island Company. Mr. Jackson became connected with the Rock Island system in 1901, when he was appointed general attorney. He was graduated from the University of Virginia with the degree of LL. B.

Better Not Take Whiskey.

The next time you have a sudden chill—you or any of the folks at home—don't bother with whiskey or waste time. Take quickly a teaspoonful of Perry Davis' Painkiller in half a glass of hot water or milk. Its good record of 70 years proves reliability. At your druggist's. The new size is 35c. or 50c. a (larger) bottle. You ought to have it on hand.

The Theatre

The Crystal Palace this week is presenting a bill of exceptional merit. It is bright, snappy and merry and has so far proved delightful to many large audiences. The topliners are Blanchard and Foster, German comedians, and they serve a sketch that is a rouser. Their stage work keeps the audience in an incessant roar of laughter and the team is pronounced one of the cleverest Palace-goers have had the pleasure of seeing in a long time. The VanDean Sisters are also on the bill and are favorites. Sister teams have always been popular at the Palace and the Van Deans are proving especially so. They are pretty and good dancers. Chas. Smith, the well known novelty comedian, is also making a hit and his clog dancing is particularly clever, as is also his Scotch monologue. This week's bill should certainly prove a box office winner, and will, no doubt, do so.

At the Bijou.

"The Roue's Heart" and "The Wooden Leg" will be the new films at the Bijou this afternoon and evening. The first biograph presents a beautiful romance of a blind sculptress and the French nobility, and the other is a comedy-drama of many interesting features.

ATKINSON SCHOOL CLOSING

Splendid Address by Dr. M. H. Stacey, of the State University.

(Special Star Correspondence.)

Atkinson, N. C., April 6.—The closing exercises of Atkinson High School began Thursday evening of last week with an entertainment by the pupils of the first to seventh grades. On Friday at 11 A. M. Dr. M. H. Stacey, of the University, delivered the most able address on the subject of education ever heard here. The final exercises Friday evening were by the pupils from the seventh to eleventh grades. These were enjoyed very much by a packed house. The musical parts of the programme were especially enjoyed. Much credit is due Miss Jackson, the music teacher, and Miss Spencer, of the primary department. Mr. Thos. L. Simmons, of Shelby, has been principal during the term just closed. At the close of the exercises Mr. E. A. Hawes, Jr., secretary of the committee, announced that it had been decided to enlarge the school building before Fall. The committee adopted resolutions appreciative of the faithful work done by the faculty.

CAPT. QUINAN'S VOYAGE.

Will Cary New Cutter to Seattle Via Mediterranean Sea.

Capt. J. H. Quinan, who, it will be recalled, was for some time commanding officer of the revenue cutter Seminole, and has a number of friends in this city, has recently been given command of the new cutter Tohano, which is about completed at the shipyard at Arundel Cove, Maryland, and which will be stationed at Seattle, Washington, to cruise the Pacific coast.

In carrying the new cutter to its home cruising grounds a splendid trip has been arranged, by which a voyage will be made to Seattle across the Atlantic, through the Mediterranean Sea and Suez Canal. The remainder of the voyage will be across the Indian and Pacific oceans and will cover a scope almost around the world. The new cutter, which is a large type of this kind of vessel, will be ready for the trip about the first of June.

ARMY BASEBALL

Tigers Defeated in Third Game of Caswell Series Last Week.

(Special Star Correspondence.)

Fort Caswell, April 6.—The Terrible Tigers were slaughtered in the third game of the Caswell League schedule, by the Lawmakers, in a loosely played game Saturday; score, Senators 20, Tigers 8. Erratic fielding by both sides accounts for the score. Shanifelt pitched the first four innings for the man-eaters and was found for ten hits. He was replaced by McCumber, who was unable to stop the merry-go-round, the Senators accumulating 12 hits off his delivery. Curtis, for the Senators, allowed 19. Each of the three teams is now credited with one game won and one lost, with a percentage of .500. Features of the game Saturday, base running of Shanifelt and McCumber's home run.

STEAMER WILMINGTON.

Being Placed in Readiness for Summer Season—Off the Ways.

The steamer Wilmington, which has been laid up for extensive repairs and overhauling for some time, came off the ways yesterday as bright and as pretty as she was the first day she came from the shipbuilder's yard. She has been handsomely repainted and had a new smoke stack put in. Her machinery is now being overhauled and she will resume her regular trips within a few days. The steamer is being placed in readiness for the Summer excursion season and promises to be this year as popular as ever with pleasure-seekers. Capt. John W. Harper is having a number of improvements made to the property of the company at the beach.

Academy of Music April 15th and 16th. Ye Olde Time Fiddlers' Convention.

"Ye olde tyme Fiddlers Convention" which convenes at the Academy of Music Thursday night, April 15th, promises to be quite entertaining and pleasing in every particular. The convention will be called to order promptly at 8:30 P. M. by Dr. M. W. Parks, who is one of the old time fiddlers and one who by experience knows how to preside at these conventions. No one but fiddlers of the old school will be allowed to participate in the contest for the prizes. Those who have never attended a convention of this kind should not loose the opportunity to enjoy a big hearty laugh. Reserved seats 50 cents. General admission 25 and 35 cents. **

EASTER SALE of MILLINERY

Trimmed Hats at $5 00. No Such Hats Anywhere at the Price.

We confidently believe, and our belief is the result of investigation and comparison, that these are the most remarkable values in the city at the popular price of $5.00. We show dozens of fascinatingly beautiful Hats, many being copies of highest class imported models, the range of shapes include almost every new conceit of fashion—the trimmings are dainty flowers, foliage, wings, quills, etc., the straws are of a texture commonly found in hats at two or three times the price.

The Misses' Hats trimmed and untrimmed are of the very latest and the prices the lowest.

IF you're critical about clothes; particular to have the style correct, the tailoring first-class, the fit right, the fabric all wool, then you're just the kind of a man we've prepared our **Hart Schaffner & Marx** clothes for. No matter who makes your clothes or what they cost you, we're here to put you into the best goods you ever wore; and we'll probably save you some money doing it.

When you're ready for Spring clothes; for a suit of fancy weave and coloring, blue or black; here's the one you want.

Suits, $18 to $30.

This store is the home of Hart Schaffner & Marx Clothes

John B. Stetson Hats; Manhattan and Eclipse Shirts.

The A. DAVID COMPANY

Lieutenant Camden Leaves.

First Lieutenant Camden, who was recently detailed by the Treasury Department as an inspector in the Life Saving Service, left last night for Washington, where he will be assigned to duty. There are two openings in this department at Detroit and St. Louis and he hopes to be stationed at one or the other of these places. Lieutenant Camden has made many friends in this city during his several years of service with the revenue cutter Seminole, and they regret to see him leave.

CALVIN ANNIVERSARY

(Continued from first page.)

was well equipped to formulate and systematize the doctrinal essentials to the time. Without fulsome language or overindulgence in flowers of speech the life and works of John Calvin were presented to the people with rare power and edification.

Today's Sessions.

Dr. Wells announced last night that Presbytery would convene this morning at 10 o'clock with the report on Colored Evangelization by Rev. P. McIntyre. At 10:30 o'clock there will be an address by Rev. M. McG. Shields, superintendent of Synod's Evangelistic Work.

At 11 o'clock there will be an address by Dr. Henry Louis Smith, the distinguished president of Davidson College, on "John Calvin and Education." Dr. Wells stated that all persons who desired their children in the public schools to hear this address and others during the remainder of the week at the morning services could have them excused by addressing a note in the morning to the teacher or principals of the public schools. Pupils from the High School and those from the upper grades in the grammar schools would be especially interested in these addresses.

At 3 o'clock this afternoon there will be a report of the Committee on Foreign Missions by Rev. J. S. Crowley, and at 8:15 o'clock an address by Dr. Wilbert W. White, of New York, on "The Eternal Purpose of God Respecting the Church in its Relations to Missions." Dr. Wells stated that he hoped to have Dr. White to deliver an address also this afternoon after the report on missions, but was uncertain as to whether he would arrive this morning or this evening.

The public generally is cordially invited to attend any or all of these services.

Real Estate Transfers.

The following deeds were filed for record yesterday: American Suburban Corporation to Dr. W. J. H. Bellamy, for $275, lot No. 7 in Block 30, according to the official plan of Carolina Place, north side of Perry avenue, 165 feet east of 19th street, 33x113 feet in size. E. Norfleet and others to Thos. J. Brownell, for $175, northwest corner 10th and Wright streets, 66x66 feet in size. John H. Risley and wife to J. A. M. McDougall, for $100, twenty-five acres of land in Harnett township, adjoining lands of John Ennett and others. Robert F. Lewis and wife to F. T. Boyd, for $250, thirty acres of land in Federal Point township, adjoining lands of Winner estate, Canady tract and others.

The annual convention of the Southern Railway surgeons convened in the Board of Trade Auditorium at Jacksonville, Fla., yesterday for a three days' session, there being about 300 prominent surgeons in attendance. Thursday night the party will leave Jacksonville for Cuba, via Tampa. Yesterday's session was taken up in the reading of several technical papers.

FUNERAL OF MRS. GILBERT.

Conducted Yesterday Morning From St. Thomas' Pro-Cathedral.

Requiem mass for the repose of the soul of the dead was impressively said at 10 o'clock yesterday morning from St. Thomas' Pro-Cathedral over the remains of the late Mrs. Varney M. Gilbert, whose sad death occurred at the James Walker Memorial Hospital on Sunday, Rev. Father C. Dennen officiating. There were in attendance upon the services many friends of the deceased and the bereaved family and a large number of handsome floral tributes attested the esteem in which Mrs. Gilbert was held.

The interment was in Oakdale cemetery, the pall-bearers having been: Honorary, Dr. Morris M. Caldwell and Mr. Thos. Torpy; active, Messrs. A. G. Rocker, William Sheehan, Hugh O. Wallace, F. K. J. Fuchs, N. J. Williams and Dr. Thos. B. Carroll.

Words to Freeze the Soul.

"Your son has Consumption. His case is hopeless." These appalling words were spoken to Geo. E. Blevens, a leading merchant of Springfield, N. C., by two expert doctors—one a lung specialist. Then was shown the wonderful power of Dr. King's New Discovery. "After three weeks' use," writes Mr. Blevens, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Infallible for Coughs and Colds, its the safest, surest cure of desperate Lung diseases on earth. 50c and $1.00. R. R. Bellamy. Guarantee satisfaction. Trial bottle free.

FOR LIQUOR SELLING.

Eight Counts Against Keeper of R. G. B. Club, on Market Street.

Late yesterday afternoon, armed with warrants sworn out by direction of Mayor Springer on information and belief furnished by evidence worked up by Chief of Police N. J. Williams and Sergeant C. S. Burnett, Officers R. L. Rouse and E. L. Smith entered upon the premises of what is known as the "R. G. B. Club," on the southside of Market street, between Front and Second streets, and arrested the alleged keeper of the place, J. H. Murphy against whom eight charges of selling liquor without license are entered up at the police station. The Mayor fixed Murphy's bond at $500 in the eight cases in default of which he was locked up for trial at 11 o'clock this morning before Recorder Furlong.

According to reports the Mayor and police have had their eyes on the Market street club for several weeks, but owing to the difficulty of obtaining testimony that would hold, they deferred action until the accumulation of the cases yesterday. The club is situated upstairs and Officers Rouse and Smith took advantage of a member's leaving the place yesterday afternoon and slipped up the steps and walked in upon the alleged manager. The officers found one member at a table taking a drink of some concoction and a decanter on a table in front of him, a coin lying nearby. Murphy remarked that the officers had "their nerves with them," but quietly submitted to arrest and placed the decanter in the refrigerator before accompanying them to the police station. The case is expected to attract considerable attention at the trial before the Recorder today.

The First Baptist Revival.

The series of services at the First Baptist church continue in interest and last evening another splendid sermon was preached by Rev. R. L. Motley at the conclusion of which there was one accession to the membership. The singing of old melodies and songs by Harpist Brown has proved most pleasing to the congregation. There are two services daily, at 7 o'clock in the morning and at 8 o'clock in the evening.

SUICIDE AT TAMPA, FLA.

Prominent Business Man Shoots Himself Through the Head.

(By Wire to the Morning Star.)

Tampa, Fla., April 6.—Harvey L. Fowler, a prominent young business man committed suicide this morning at his home here by shooting himself through the head with a revolver. His mind had been failing since January when he gave up his position with the Tampa Hardware Company. He leaves a wife and two children who are visiting relatives at Carrabelle, Fla.

INDICATES REPUBLICAN VICTORY

Municipal Election in St. Louis Yesterday—The Vote.

(By Wire to the Morning Star.)

St. Louis, April 6.—Early returns indicate that St. Louis went Republican today after eight years of Democratic rule. Returns from 144 out of 403 precincts gave Frederick H. Kreismann, Republican mayoralty nominee 19,000 votes and William G. Woerner, Democratic nominee, 15,603. It is predicted the entire Republican ticket with possibly one exception, was elected.

FIRES ON VANDERBILT ESTATE

Believed to Be Work of Incendiaries to Kill Trees.

(By Wire to the Morning Star.)

Asheville, N. C., April 6.—Numerous fires in the woods on the Vanderbilt estate yesterday and on Pisgah mountain and in other sections of the Vanderbilt possession today and tonight point to the theory that vandals, bent on maliciously injuring the your trees and saplings, have been at work.

WARM WIRELETS.

At Miami, Ind., last night, the Masonic Temple and several other buildings were partly wrecked by the wind. The farm residence of Mrs. Gammons was blown down and six persons were caught in the wreck and injured. One daughter, Clara, was killed.

Leaving notes telling of a suicide pact, Herman Bartlett and Belva Pugh, joined hands and jumped into the Mississippi river at Alexandria, Mo., last night. The couple ended their lives after young Bartlett had paid a call at the home of his sweetheart.

Ten thousand dollars in banknotes, which was stolen from the National Bank of Reily, Ohio, December 7, 1907, by yeggmen, was found yesterday on the farm of Fred Schneider near New Palestine, Ind. Schneider found the package of money hidden in a thicket which he was clearing away. Five yeggmen raided the bank.

To buy advertised things is coming to be a fixed habit of the people—and it's a profitable habit, too.

At Pittsburg two boys were killed and six others injured, several seriously, early yesterday when a car on the St. Clair incline broke away about the center of the incline and plunged to the bottom.

Passenger Traffic Manager.

SPIRITS TURPENTINE

—Chapel Hill, N. C., April 5.—Carolina defeated La Fayette again today by the score of 5 to 0. Hergepeth the big southpaw, was on the firing line for Carolina and yielded but three hits. He not only pitched a great game but was also very effective with the stick, securing three hits out of three times up, one being a three bagger.

—Mount Olive, N. C., April 5.—Catching from forest fires two miles from Mount Olive, one of the Bell Lumber Company's large branch plants was totally destroyed this afternoon. Loss on saw mills, dry kilns, lath mills, barns, stables, feed stuffs, tenant houses, two hundred cords wood, and two hundred thousand feet dried lumber is estimated at five to ten thousand dollars' worth; no insurance.

—Oxford, N. C., April 5.—In the town lock-up John Kingsbury, a well-known colored man, yesterday committed suicide by chocking himself so severely that heart failure ensued. For several weeks he had been in trouble with his wife and Saturday night he attacked her with a knife, inflicting very dangerous wounds. Her cries for help called out the police and John was arrested and placed in a cell in the lock-up, where he spent the night.

—Greensboro, N. C., April 5.—The regular term of United States District court began here today. Several illicit distilling cases were disposed of. The docket is full of blockade cases. The most important cases for trial during the term are indictments against Lee H. Battle, charged with making false returns of the financial condition of City National bank, of which he was cashier, and which failed, owing large amounts to depositors and stockholders.

—Winston Sentinel: The Sentinel is in receipt of a letter from the party who reported the birth of five babies to the wife of a Rockingham farmer a few days ago. The writer states that four of the children died. The news story created much interest. The city editor of this paper received telegrams from two New York papers, asking for the names of the parents and photographs of father and mother and their five babies, in a group if possible, and their home.

—Rocky Mount, N. C., April 5.—Caused by a "sun kink" in the track the Atlantic Coast Line freight train No. 208 was wrecked about one mile north of Sharpsburg, blocking the main line. Ten refrigerator cars were piled up, blocking both tracks, causing several hours' delay in all trains. No one was hurt, though the destruction of property will amount to considerable. The wrecking crew from this city left for the scene at one o'clock this afternoon.

—Rocky Mount Record: Many friends made during her former life in this city will regret to learn of the death of Miss Rob Rone who died Thursday in a hospital in Greensboro, while she was undergoing an operation for appendicitis. The deceased was about twenty two years old, and up until about two months ago has lived in Littleton with her parents. However, she was taken to the Greensboro hospital for treatment for another disease and while there developed appendicitis, necessitating the operation. Miss Rone was a daughter of Rev. W. S. Rone.

—Special to Charlotte Observer: Washington, April 5.—Endorsements of Judge W. R. Allen, of Goldsboro, for the eastern judgeship were filed at the White House today. A friend of Mr. George Rountree, of Wilmington, is expected here in a day or two to speak for him. The friends of Fuller, Brown and Conner are busy. It is well known here that Senators Elihu Root, of New York, and Aldrich, of Rhode Island, have said a word to President Taft for the Durham man. A very distinguished Maryland attorney, it is declared, has put in his oar, for Brown, Timberlake and Clark are on the ground.

—Greensboro Telegram: To the original plan of collecting the $4,000 needed to complete the endowment fund of C. F. College by means of contributions of $1 each from four thousand persons, these dollars to be deposited in boxes placed at the different drug stores in the city, the Alumnae have added the feature of canvassing the city for fear some might overlook the boxes. Both plans are now perfected. The boxes and registers are in place at each drug store in the city, and one at the Revolution drug store. Each contributor is urged to register, as the books are to be kept in the archives of the college.

—Fayetteville Observer: Deputy Sheriff W. G. Moore, yesterday carried Miss Mary C. Campbell, an insane tubercular patient to the Asylum at Raleigh. This is the case over which so much contention was had; Dr. Rose, County physician, insisting that the young woman be admitted to the asylum, and the asylum authorities refusing to take a tubercular insane patient; in spite of Dr. Rose's instance that such patients were already in the asylums. Dr. Rose sought relief from the Legislature, but no action was taken by that body. Dr. Rose as a last resort laid the matter before Governor Kitchin, giving a full account of the case, and as a consequence Miss Campbell was ordered to be admitted to the Raleigh institution.

Mr. F. G. Fritts, Oneonta, N. Y., writes: "My little girl was greatly benefitted by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is best for women and children, as it is mild, pleasant and effective, and is a splendid spring medicine, as it cleanses the system and clears the complexion. Robert R. Bellamy.

Answer This Question

When a remedy has lived for over thirty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their very lives to it, is it not reasonable to believe that it is an article of great merit?

We challenge the world to show any other one remedy for a special class of disease which has attained such an enormous demand and maintained it for so many years as has **Lydia E. Pinkham's Vegetable Compound,** the famous woman's remedy for woman's ills. Unless it is a very good medicine and the claims made for it are honest, such a record would have been impossible—fraud or misrepresentations would long ago have been detected and the business gone into oblivion. Read this unsolicited letter:—

Melbourne, Iowa:—"I suffered for many years with female troubles, inflammation, and bearing-down pains, so that I was unable to do my work.

"Lydia E. Pinkham's Vegetable Compound was recommended, and I am so thankful for the great good it has done me. I feel that I am a living advertisement for this medicine as I have influenced so many of my friends to use it, so thankful am I that it restored me to health."—Mrs. Clara Watermann, R. D. 1, Melbourne, Iowa.

When a woman like Mrs. Watermann is generous enough to write such a letter as the above for publication, she should at least be given credit for a sincere desire to help other suffering women. For we assure you there is no other reason why she should court such publicity.

We say it in all sincerity and friendship—try this medicine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

GEESE—Dull 50c per head; dressed 40c.

PORK—Good demand 8@9c; corn fed 9c for small pork.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, April 6.—Today's cotton market made new high records for the season on July and new crop positions, but showed considerable nervousness with fluctuations irregular and the close barely steady at a net decline of 2 to 7 points.

The market opened steady at unchanged prices to a decline of 4 points in response to disappointing cables and sold off to a net loss of 3 to 9 points during the early session, with near months relatively easy under spot house offerings, realizing and local selling for a turn. This pressure was probably promoted by talk of rain in Texas and bearish advices from Liverpool, which claimed that Manchester was not following the advance but foreign houses were buying here. Late cables and some of the most prominent local brokers supported the market. The Western belt forecast was for clear weather in Texas. Official weather reports showed no important precipitation in the Southwest and during the middle session prices advanced sharply with early sellers covering. July sold up to 9.86 and October to 9.67, or about 5 to 6 points net higher.

May was relatively easy, selling only a couple of points above last night at the best and showing the maximum decline in the late trading when the whole list eased off under realizing and selling for a reaction.

Southern spot markets as officially reported were unchanged to 1-8c higher. Following an advance of over 1-2c in two weeks, the approach of a three-day adjournment is naturally the signal for considerable realizing and this probably caused part of today's selling.

Receipts at the ports today were 23,198 bales, against 22,938 last week and 20,298 last year; for the week 90,000 bales against 97,651 last week and 99,899 last year. Today's receipts at New Orleans were 3,936 bales, against 3,279 last year.

Spot cotton quiet; middling uplands 10.10; middling gulf 10.35. The sales of the day were 150 bales. Futures opened steady and closed barely steady.

Month	Open	Close
April	——	9.79
May	9.88	9.80
June	9.80	9.77
July	9.80	9.77
August	9.67	9.67
September	9.57	9.58
October	9.60	9.59
November	——	9.57
December	9.58	9.57
January	9.55	9.52
March	——	9.52

LIVERPOOL MARKET.

(By Cable to the Morning Star.)

Liverpool, April 6.—Cotton, spot in fair demand, prices 3 to 7 points higher. American middling fair 5.81; good middling 5.45; middling 5.25; low middling 5.07; good ordinary 4.76; ordinary 4.41. The sales of the day were 8,000 bales, of which 1,000 were for speculation and export and included 7,200 American. Receipts 4,000, including 3,600 American.

Futures opened firm and closed strong. April 5.17 1-2; April and May 5.17 1-2; May and June 5.18 1-2; June and July 5.21 1-2; July and August 5.24 1-2; August and September 5.19; September and October 5.16; October and November 5.14; November and December 5.13 1-2; December and January 5.12 1-2; January and February 5.12; February and March 5.13; March and April 5.14.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, April 6.—The cotton goods market continues quite active, the principal purchasers being converters, cutters and printers. Jobbers are still holding off. The export trade to China during the past week totaled 10,000 bales. Cotton yarns are firmer, but prices move slowly. In men's wear the market is quiet, but firm on better qualities. Tailers to the trade are still placing orders for fall.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, April 6.—The demand for stocks today encountered an amount of offering that overtook the balance and carried the price movement backwards. The extent of the recent advance evidently was, in itself, a main incentive to much of the selling which was speculative profit taking in large part. The professional bears were alert to take advantage of the wavering appearance of the market and to help on the decline with short selling and with offering down of price. The average price of the most active stocks on Monday reached about the level touched on the sustained advance which set in last year after the Presidential election. Some of the most conspicuous stocks have risen well above that and some are far short of it, but the averages as usually computed are nearly the same. The considerable body of professional traders in stocks, which relies on charts of price movements, hesitates to extend commitments in face of this condition until the market has given clear indication of its new impulse. The fact that the present week in the stock market will end on Thursday added to the disinclination to extend speculative commitments. Tomorrow's Government report is awaited with keen interest and is expected to have an influence on the speculation if any decisive information is given of the spring condition of the winter wheat crop.

Some very unfavorable views of the steel trade position were heard and the heavy tone of United States Steel was of sympathetic effect on the whole market. The covering of shorts effected a considerable rally at the end of the day.

Bonds were irregular. Total sales, par value, were $5,322,000. United States bonds were unchanged on call. Total sales of stock today were 862,400 shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, April 6.—Money on call easy 1 3-4 to 2 per cent.; ruling rate 1 3-4 to 2; closing bid 1 3-4; offered at 2. Time loans easy and dull; 60 days 2 1-4 to 2 1-2 per cent.; 90 days 2 1-2 per cent., and six months 2 3-4 to 3 per cent. Prime mercantile paper 3 1-2 to 4 per cent.; sterling exchange steady with actual business in bankers bills at 4.8610 to 4.8620 for sixty day bills and at 4.8780 for demand. Commercial bills 4.85 1-2 to 4.85 3-4. Bar silver 50 3-4. Mexican dollars 44.

Stieff Melodies

Means Glad Easter

Have you thought of making home happy and cheerful this joyous Easter tide and for many years to come? Make the good wife happy in her declining years with the melodies of her girlhood days; brighten the tender years of that daughter in the bloom of her youth. The joy of her mother and pride of her father. You intend to educate and polish her for society with all the vim of your soul. This can be accomplished by installing in your home one of our magnificent Stieff Pianos, the perfection of many genius thoughts and skilled workmen from high grade materials. You want nothing but the best. Then buy a Stieff. Its sweet, melow characteristic tone captivates the ladies hearts and place it at once in the highest realm of piano popularity. We refer with pride to our customer and think each holds the manufacturers guarantee. Investigation will not go amiss. You will find it to your profit for there is not a repossessed or second hand piano on our floor. Call at our permanent Wilmington store where you will find the Stieff piano of moderate cost, one profit and easy payments, polite attention to all.

GIESCHEN BROS., Proprietors

NAME OF DAVIS TO BE RESTORED

To The Tablet on The Cabin John Bridge, Near Washington.

BIDS FOR THE CONTRACT

Opened at the War Department Yesterday—Restoration Ordered by Roosevelt—Inscription As It Now Appears.

(By Wire to the Morning Star.)

Washington, April 6.—Today proposals were opened at the office of the engineer in charge of the Washington Aqueduct for restoring the name of Jefferson Davis to the stone tablet on Cabin John Bridge, six miles west of the city from which it was expunged during President Lincoln's administration. The name is to be restored in accordance with orders given by President Roosevelt on Washington's birthday, less than two weeks before he left the office of Chief Executive. Although the amount of work to be done is comparatively small and the cost very little, yet it took considerable time to get the orders through the various channels to the officer directly in charge of the work who at once went about completing the necessary details. The bridge is a high structure and considerable scaffolding has had to be erected where the mechanics will do their work.

The restoration of Mr. Davis' name to the tablet will mark the culmination of many efforts with that object in view which, however, will finally be accomplished without the immediate appeal of any organization or individual, but by the direct orders of Mr. Roosevelt himself. An allotment of $250 was made for the work by the Engineer's office. The specifications asking bids for the restoration of the name read as follows:

"Restoring the name of Jefferson Davis on the granite tablet on the west abutment of Cabin John's Bridge by removing the entire face of the stone about 5 feet by 11 feet to a depth approximately 1 inch, or sufficient to form a new, clean, smooth bushed surface and recutting the legend now upon the tablet with the addition of the name Jefferson Davis as shown upon the rubbing with 'V' cut letters. The present ogee marginal border around the tablet is to be bushed to a clean bevel cut 1 1-2 inches wide."

Two stone tablets are built in the bridge, one on either abutment (south face). One bears the inscription:

"Union arch
Chief Engineer, Capt. Montgomery C. Meigs, U. S. Corps of Engineers
Esto Perpetua."

The other:

"Washington Aqueduct,
Begun A. D. 1853, President of the U. S., Franklin Pierce; Secretary of War, ——, Building A. D. 1861. President of the U. S., Abraham Lincoln; Secretary of War, Simon Cameron."

The blank space in the above description indicates the place formerly filled by Mr. Davis' name. Its absence from the tablet all these years has always stimulated curiosity on the part of sightseers who made inquiries as to why the space was blank and whose name, if any, had filled it.

It will probably take a workman two weeks to do the work required by the specifications. The use of the "V" shaped letters to be chiseled in the tablet is less expensive and less laborious than the square cut letters usually adopted, but at the same time they are now conspicuous.

Nine bids in all are submitted for restoring the name of Mr. Davis to the tablet. They ranged from $147.75 to $1,250. An award will be made in a few days.

THE LIBERIAN COMMISSION.

The Personnel Arranged—To Go in Three Warships.

(By Wire to the Morning Star.)

Washington, April 6.—The complete personnel of the Liberian Commission to investigate conditions in that country was announced at the State Department today, together with its plan of action. Dr. George Sale, of Georgia, is the new member of the commission; W. Morgan Shushter, of the District of Columbia, chairman, and Emmett J. Scott, of Alabama, having previously been appointed. Dr. Sale is superintendent of education of the Baptist Home Mission of negro schools under the control of the American Baptist Home Mission oSciety.

George A. Finch, of the Department of State, will accompany the commission as secretary. Captain Sydney A. Cloman, Third Infantry, now military attache at London; Major Percy M. Ashburn, of the medical corps of the army, and Frank A. Flower, who has long been a student of African affairs, will accompany the commission.

The commission will sail from Hampton Roads the latter part of this month on the cruisers Chester, Birmingham and Salem, and will remain in Liberia about a month.

COMMERCIAL CONGRESS.

Meeting of Southern Senators and Representatives For Tomorrow.

(By Wire to the Morning Star.)

Washington, April 6.—A mass meeting of Southern Senators and Representatives was called today for Thursday evening at the Willard to meet Mr. G. Grosvenor Dawe, the managing director of the Southern Commercial Congress in order that he may explain the significance of the movement in its relation to the Southern States and Congressional districts. The call was signed by Senators Johnston, of Alama, and Clay of Georgia, and Representatives Page, of North Carolina, Henry, and others.

STORMY DAY IN HOUSE

Wrangling and Personalities—Lumber and Hides Schedules Considered—Duty Retained on Former, Latter Free.

(By Wire to the Morning Star.)

Washington, April 6.—Wrangling, confusion, captious objections, personalities and language bordering on vituperation marked the first day's discussion of the Payne tariff bill for amendment in the House today. With practically a full attendance the members were wrought up to a high tension and were prepared to fight to the last ditch for those things which their constituencies were demanding.

The entire day was practically consumed in dNcussing the lumber and hides schedules. Led by Mr. Tawney, of Minnesota, the advocates of free lumber in the rough went down to defeat by the narrow margin of six votes, following the striking out of the countervailing duty on lumber.

An overwhelming majority was mustered against an amendment by Mr. Scott, of Kansas, taking hides from the free list and fixing duty upon them of 10 per centum ad valorem.

The barley schedule came in for a lively discussion and when the bill was laid aside for the day there were pending two amendments, one raising the rate in the Payne bill from 15 cents to 25 cents a bushel and the other fixing the rate at 10 per cent. ad valorem.

The sum total of the day's work, with the exception of the elimination of the countervailing duty on lumber, which was a committee amendment, was to leave the bill in identically the condition in which the committee reported it. This grants free raw hides and a duty of $1 per 1,000 on sawed lumber.

At 4:58 o'clock P. M. the House adjourned until 12 o'clock noon tomorrow.

THE SAMPSON MURDER TRIAL.

Brother of Mrs. Sampson, the Defendant, on the Witness Stand.

(By Wire to the Morning Star.)

Lyons, N. Y., April 6.—Frank S. Allyn, the 20-year-old brother of Mrs. Georgia Allyn Sampson, who is charged with the killing of her husband, Harry Sampson, was an interesting feature on the witness stand today in the trial of his sister. In a thin, weak voice that could hardly be heard beyond the jury box, young Allyn told how Harry Sampson staggered into the Allyn dining room on that fatal Saturday morning of November 1st and fell dead in presence of Mrs. Allyn and himself without uttering a word.

The witness said that on running to the telephone he found the rifle behind the Sampson dining room door leading to the pantry. It was cocked and a box of cartridges lay on the edge of the wainscoting. Allyn was still on the witness stand when court adjourned until tomorrow.

The prosecution outlined its case today, declaring Sampson's wound could not have been self-inflicted, and from three physicians, Dr. George P. York, Dr. Edwin M. Rodinburger and Dr. Cyrus Jennings, the coroner of Woyne county, developed evidence that no powder marks were found around the wound in Sampson's breast or around the bullet hole in the shirt which he wore. Dr. Rodinburger thought that the edge of te bullet hole in the shirt was slightly charred.

Mrs. Frank Allyn, mother of the defendant, will probably be called to the stand either Wednesday or Thursday.

Concerning the motive District Attorney Gilbert said there would be evidence concerning a letter which had been sent to Mrs. Sampson, but which was found by her husband, who told his father-in-law that he would not live with Mrs. Sampson any longer. On the night before the shooting, Mr. Gilbert said, there was a quarrel over one of the letters and Sampson and his wife had frequent quarrels over her numerous trips away from home. Mr. Gilbert asserted that Sampson made a will at the solicitation of his wife, making her the sole beneficiary of his estate.

ROGERS' TOUR OF INSPECTION.

Over His New Road Taken Leisurely. Given Hearty Welcome.

(By Wire to the Morning Star.)

oRanoke, Va., April 6.—The special train conveying H. H. Rogers. builder and owner of the Virginian Railroad, the new line running from Deepwater, a point in the West Virginia coal fields, to Norfolk, a distance of 446 miles, left Roanoke early today and proceeded leisurely, arriving late this afternoon at Princeton, W. Va. The train was met at Princeton by a crowd of about 2,000 enthusiastic persons and a large brass band. Mr. Rogers was given a royal reception, being met by the largest number of people at any place along the route so far. The party will remain tonight at Princeton and will leave that town tomorrow, proceeding to Deepwater, the western terminus. Tomorrow's trip over the Virginian will cover about 45 miles and will complete the inspection. Mr. Rogers will return to New York via Charleston, W. Va.

BRUTE GIVEN FULL PENALTY.

Negro Who Imprisoned Mrs. Curtin and Treated Her Cruelly.

(By Wire to the Morning Star.)

Philadelphia, April 6.—Twenty years' imprisonment in the Eastern penitentiary and $2,000 fine was the sentence imposed by Judge Barrett here today when George Washington, a negro, was convicted of holding Mrs. Ella Curtin, white, a prisoner in his room and ill treating and robbing her. Mrs. Curtin went to the negro's home to make arrangements to have her trunks moved to a storage house. She alleged that Washington kept her a prisoner in his room from March 25th to 29th. She was rescued by the police who had been notified of the matter by another negro roomer in the house. The woman, hospital physicians testified today, is a physical wreck as the result of her experience.

ROOSEVELT VIEWS STRICKEN CITY

Visited Messina Yesterday and is Cordially Received by King Victor Emmanuel.

ITALIAN PEOPLE GRATEFUL

For Generosity of Americans to Earthquake Sufferers—Ex-President and Party Spent Strenuous Day—Leave Naples.

(By Wire to the Morning Star.)

Messina, April 6.—Theodore Roosevelt and King Victor Emmanuel met today on the Italian battleship Reumberto in Messina harbor. The meeting was characterized by the utmost cordiality and the King took the occasion to express the gratitude of himself and the Italian people for the generous assistance of the American people to the earthquake sufferers.

Mr. Roosevelt went ashore and inspected the ruin of the city, the desolation of which moved him strongly. He then boarded the steamer Admiral, which, just at sunset, hoisted her anchors and proceeded on her way to Mombasa.

The Admiral arrived at Messina at about 2 o'clock in the afternoon and was saluted by the Reumberto with the King on board. Almost immediately Captain Pfister, the former Italian Military Attache, and now aide to Admiral Mirabello, was taken to the Admiral in a launch and inquired for Mr. Roosevelt. To him he said the King sent his compliments and would have great pleasure in receiving the former President of the United States. Mr. Roosevelt's face lit up with a pleased smile, and accompanied by his son Kermit and Ambassador Griscom, he proceeded at once to the battleship.

The King greeted the ex-President effusively, shaking him warmly by the hand. He did not wish, he said, to allow the opportunity to pass of making the personal acquaintance of so distinguished a man. Above all, he wanted personally to thank the ex-President for the help extended by America at the time of the earthquake.

"You are now able," he added, "to understand better what a terrible disaster it was."

Mr. Roosevelt replied, saying the American people did not wish thanks for what they had done, as they had merely tried to do their duty and knew no better way to confront the immense need than by their work and contributions.

The conversation then turned to the hunting trip to Africa, the King saying that his tastes also ran in that direction.

Before leaving the King saluted Mr. Roosevelt, wishing him a happy and successful trip and much good luck in the way of hunting. He asked Mr. Roosevelt to promise that he would visit Rome on his return, when the Queen would be pleased to make his acquaintance. The King then took his departure, not wishing to accompany the party over the ruins.

Mr. Roosevelt was charmed with the courtesy of the King. The inspection of the ruins then began. In the American quarter, Mr. Roosevelt congratulated the American workers on the speed with which they had constructed the huts. He shook hands with the men from the American navy who are directing the work.

Considerable trouble was experienced in making their way through the city and rain, which soon began to fall, added greatly to the difficulties of the journey, as the mud was very deep. In the hut where the American workers made their headquarters a glass of wine was offered Mr. Roosevelt, who, raising the glass said: "I drink to the men of whatever nationality, who have worked and are working to relieve what befell the iScilian people."

The steamer Admiral left Naples soon after midnight and after so strenuous a day the ex-President was not long in seeking rest.

DEATH BY THE BULLET.

Wealthy Philadelphian Takes Own Life—Was a Sufferer.

(By Wire to the Morning Star.)

Philadelphia, April 6.—Charles E. Ellis, president of the Citizens' Passenger Railway Company, and one of the wealthiest men in Philadelphia, shot and killed himself today at his home in this city. He was discovered lying in a pool of blood in his bed room by his wife who had heard the report of the revolver while she was at breakfast. A physician, who was hastily summoned, pronounced him dead.

The dead man was 76 years old and had been a sufferer from neuralgia and rheumatism for some time. Mr. Ellis' wealth was reputed to be above $10,000,000.

EMPLOYERS' LIABILITY ACT

Declared Unconstitutional by Supreme Court Judge of Connecticut.

(By Wire to the Morning Star.)

New Haven, April 6.—In sustaining a demurrer entered by counsel for the defendants, the New York, New Haven and Hartford Railroad Company, Judge Ralph Wheeler of the Superior Court has held that the employers' liability act passed by Congress in June 1908 is unconstitutional. The plaintiff, William H. Hoxie. sued to recover $50,000 for injuries received in coupling cars while in the employ of the road.

Up Before the Bar.

N. H. Brown, an attorney, of Pittsfield, Vt., writes: "We have used Dr. King's New Life Pills for years and find them such a good family medicine we wouldn't be without them." For Chills, Constipation, Biliousness or Sick Headache they work wonders, 25c at R. R. Bellamy.

BUTLERS GUILTY LIBEL

Former United States Senator and Brother Convicted and Fine Imposed—Action Brought by Chairman Adams.

(By Wire to the Morning Star.)

Winston-Salem, N. C., April 6.—Former United States Senator Marion Butler and his brother, Lester Butler, were convicted in Guilford Superior Court today of criminally libeling Republican State Chairman S. B. Adams, by the publication in the Caucasian, a weekly newspaper owned and operated by the Butlers, of serious allegations against Adams' integrity and honesty.

Adams acts as Chief Justice of the Indian Court in Oklahoma in 1905 were severely condemned by the paper in its fight against Adams' re-election as chairman of the Republican State Executive Committee. The trial lasted six days, was hard fought, and created widespread interest.

Judge Long imposed a fine of $500 upon Marion Butler and $250 upon Lester Rutland. A motion for a new trial was overruled and notice of appeal to the Supreme Court was given, the defendants being released on bond in the sum of $1,000 each.

SCHOONER'S FATE UNKNOWN.

Carlisle Reported in Helpless Condition Off Hatteras.

(By Wire to the Morning Star.)

New York, April 6.—The plights at sea of the schooner A. & M. Carlisle was told tonight by Captain von Leiter, of the steamer Prinz Joachim, just in from West Indian ports. The schooner's main mast is broken off close to the deck and her mizen-top is gone and thus practically wrecked the vessel is laboring in the seas some mile off Hatteras.

Captain von Leitner fell in with the Carlisle on April 5th in latitude 32.29; ongitude 73.48. Two Manila lines were run to the schooner and the Prinz Joachim towed her for two hours. Then the hawsers parted.

Captain von Leitner circled around the schooner and advised Captain Horner that on account of having a perishable cargo he would be unable to make another attempt to tow his vessel. He offered to take the crew off but they refused to leave the vessel and requested that a wireless message be sent for a tow boat to come to her assistance. When the Prinz Joachim left the schooner she was in latitude 33.45; longitude 73.47. The A. & M. Carlisle hails from Philadelphia and sailed from Norfolk on March 17th for Chareston.

CASTRO'S PLIGHT

British Government Will Not Let Him Land at Trinidad.

(By Cable to the Morning Star.)

Port of Spain, Trinidad, April 6.—At the urgent request of the State Department communicated to the London foreign office the British government has decided not to permit Cipriano Castro, former president of Venezuela, to land at Trinidad.

Cipriano Castro is returning to the West Indies from Europe with the avowed purpose of recovering the Presidency of Venezuela. He left France March 26th on board the steamer Guadeloupe. Where he purposes to land in the West Indies is not definitely known.

The Guadeloupe is due at Trinidad April 10th and at Colon April 14th. The latest advices from Caracas intimated that Juan Vicente Gomez, the President of Venezuelan contemplated resigning in favor of one of the vice presidents of the republic.

TORNADO KILLED FIVE.

Central Depot at Aberdeen, Miss., Proved Death Trap.

(By Wire to the Morning Star.)

Aberdeen, Miss., April 6.—Five persons are known have been killed, four others injured and still others are buried under the debris of the Illinois Central depot which was demolished by a tornado which swept through the city of Aberdeen tonight. The dead are W. C. McMilland, president of the Bank of Aberdeen; T. C. McMillen, cotton buyer, and three negroes, unidentified.

Those known to have been injured are George Franklin, telegraph operator in the employ of the Illinois Central Railroad, and Messrs. Ray, King and Welburn, also railroad employes.

ATLANTIC DEEPER WATERWAYS.

New Congressmen Placed on Sub-Committee—Will See President.

(By Wire to the Morning Star.)

Washington, April 6.—Acting upon authority given him by the Baltimore convention of the Atlantic Deeper Waterways Association, President J. Hampton Moore today announced the appointment of Congressman Ernst F. Rogers, of Massachusetts; William Cocks, of New York; William H. Wiley, of New Jersey, and Henry L. Maynard, of Virginia, as additional members of the special sub-committee of Congressmen to confer with the President and the various other authorities with regard to the promotion of the Atlantic Deeper Waterways project.

BRAZILIAN STEAMER WRECKED.

Richard Paul Sunk After Explosion—Crew Saved.

(By Cable to the Morning Star.)

Lorient, France, April 6.—An explosion at sea off this coast wrecked the Brazilian steamer Richard Paul. A pilot boat from Concarneau saved the crew. No details of the accident are available. The Richard Paul left Dartmouth March 10th for Itajahy, and arrived at Brest March 13th.

A message from Thompson, Ga., last night stated that fire had been burning at Warrenton since 10:30 o'clock but was then under control. The court house, the B. L. Wicker place, the Harper House, the Warrenton Clipper's office, and Dr. Lockett's office are destroyed. Cause unknown. No estimate of losses obtainable.

UNUSUAL CASE OF BLACKMAIL

Youth Confessed Effort to Obtain $35,000 From Prominent Atlantaian.

(By Wire to the Morning Star.)

Atlanta, Ga., April 6.—Charged with attempting to blackmail Asa G. Candler, president of the Atlanta Chamber of Commerce, banker and reputed to be Atlanta's wealthier citizen, out of $35,000 by "blackhand" methods, Daniel W. Johnson, Jr., 18 years of age, and a member of Mr. Chandler's Sunday school class was arrested tonight at the instance of Postoffice Inspectors and lodged in the Fulton county jail.

Johnson admits writing the letters and takes his arrest very coolly. He however, declares that he was the cat's paw of three strangers, who he claimed dictated his every action in connection with the affair and forced him to write the demands for money under penalty of death. He furnished the authorities with a description of the three men.

The police give little credence to his story of having been forced to wirte the letters by strangers.

YEGGMAN STILL FUGITIVE

Posse Was Unable to Capture "Tennessee Dutch."

(By Wire to the Morning Star.)

Asheville, N. C., April 6.—After searching throughout last night and today the sheriff's posse in pursuit of the notorious yeggman Garner Moore, alias "Tennessee Dutch" who escaped during the capture of his confederate George Barton, alias "Chicago Army" last night at Craggy returned to this city tonight with all hope of locating Moore abandoned.

Several clues indicating that the desperado had made for the mountain fastnesses of Madison county, were picked up the posse, but they proved to be fruitless. Advices from Greenville tonight, were Moore and Barton dynamited their way out of prison Sunday night, state that government proceedings will probably be taken against the guard of the Greenville prison E. C. Carter for criminal negligence in letting the yeggman escape.

MAYOR RAN "BLIND TIGER."

Was Arrested With Four Other Citizens at Lakeview, O.

(By Wire to the Morning Star.)

Lakeview, O., April 6.—Mayor Chas. Miller and four other citizens were arrested here today on the charge of conducting "blind tigers." The Mayor was elected on a "dry" platform. Mayor Miller is agent for the Ohio electric traction company. He is accused of selling the liquor from a back door of the traction station.

Besides the mayor, E. D. Carr of the firm Wirick, Al Anderson and Al Byers were arrested. Byers conducts a livery stable and is accused of dispensing liquor from his haymower. Carr is the town undertaker and he is said to have kept whiskey for sale in his place of business.

ELECTIONS IN WISCONSIN.

"Wets" Win in Majority of Cities. Close In Some Place.

(By Wire to the Morning Star.)

Milwaukee, Wis., April 6.—Municipal elections were held in a large number of cities throughout Wisconsin today, the issue of "license" or no "license" being at stake. License carried in a majority of the cities and towns thus far heard from. In Appleton and Beloit where the struggle greatly waged the "wets" were victorious. Sparta which voted "dry" last election decided for license today, while Sturgeon Bay went "dry" for the first time. New Lisbon's vote resulted in a tie and will remain "dry."

Former Lieutenant Governor Lawrence Y. Sherman yesterday was defeated for Mayor of Springfield, Ill., by Attorney John S. Schnepp, Democrat, by a plurality of 300 votes.

Swept Over Niagara.

This terrible calamity often happens because a careless boatman ignores the river's warnings—growing ripples and faster current—Nature's warnings are kind. That dull pain or ache in the back warns you the Kidneys need attention if you would escape fatal maladies—Dropsy, Diabetes or Bright's disease. Take Electric Bitters at once and see Backache fly and all your best feelings return. "After long suffering from weak kidneys and lame back, one $1.00 bottle wholly cured me," writes J. R. Blankenship, of Belk, Tenn. Only 50c at R. R. Bellamy's.
